Rathbone SICAV Multi-Asset Enhanced Growth Portfolio

This is a marketing communication. Please refer to the Prospectus of the UCITS and the KID/KIID before making any final investment decisions. The decision to invest in the fund should take into account all the characteristics or objectives of the fund as described in its prospectus.

Investment objective

The sub-fund's objective is to deliver a greater total return than the United Kingdom's Consumer Price Index (CPI) measure of inflation +5%, after fees, over any rolling five-year period by investing with the Liquidity, Equity-type risk and Diversifier assets (LED) framework developed by the investment manager. The sub-fund aims to deliver this return with no more volatility than that of the FTSE Developed Market Index. There is no guarantee that the sub-fund will achieve a positive return over this, or any other, period and you may not get back the original amount you invested. The sub-fund is classified as an Article 6 financial product under SFDR.

[^]The OCF includes the charges for the underlying funds held in the product. From April 2018, the ongoing charges figure has been calculated according to PRIIPs regulations, which came into effect on 1 January 2018. Holdings are based on six monthly audited accounts. Changes to fund holdings within this period may result in higher or lower ongoing charges. The OCF is included in the Annual or Interim report and are calculated biannually. The OCF is estimated to reflect the expected ongoing expenses.
